THE DUKE ORIGINAL 17

Classic 'royale with cheese' style burger, makes a quarter pounder blush with embarrassment at how much better a burger can be with the exact same ingredients. Beef patty, cheese, pickles, onions, ketchup & mustard on brioche
Honouring our namesake Alf, Prince Alfred the Duke of Edinburgh, the layabout second son of Queen Victoria.

THE DUKE 2.1 19

The Duke OG with lettuce, tomato & mayo
Because even Prince Alfred, lover of boozing and bordellos, needed some salad in his life sometimes.

THE FLAMIN' GALAH 21

Double layered fried chicken, stacked with burger melt cheese & topped with creamy chilli slaw on brioche
"Strewth! That's a flamin' ripper chicken burger!" – Alf Stewart

THE SIR IAN MCKELLEN 'GANDALF' TOFU BURGER 17

Panko crumbed tofu, lettuce, tomato, cheese, pickles, onions, ketchup & mustard on brioche
Sir Ian McKellen is one of the world's most famous vegos, & let's face it, Gandalf was such an enlightened being he wouldn't have eaten other creatures surely?

THE JOHN WAYNE 25

Double beef patty, double bacon, double cheese, jalapeños, pickles, BBQ sauce & onion rings on brioche
Not so much an Alf burger, rather an extension of the Duke theme. A burger fit for a bloke who played a cowboy his whole life and died of stomach cancer.

THE GORDON SHUMWAY BEER BRAISED BEEF BURGER 24

Beef, slow braised in dark ale, topped with cheese & pickled onion, served on Turkish bread
Named to honour 80s TV sitcom fav A.L.F. who was partial to swilling a beer

JUDE LAW PORK CROQUETTE BURGER 21

Smashed pulled pork croquettes, creamy slaw, jalapeños, fried egg & double cheese on brioche
Tenuous Alf-link alert: named after Alfie, the charming swine played by Jude Law in the film of the same name

THE JEREMY IRONS VEGO CHILLI CHEESEBURGER 19

Crumbed tofu patty, creamy slaw, house made spiced beans, jalapeños & double cheese on brioche
Because, y'know, he was Alfred in Batman v Superman, and he's a cool, sexy vego, like this burger, a cool & sexy chilli cheeseburger
